Individual to be responsible for Program: _____

Title: _____ Years in Industry: _____

Phone # _____ Email : _____

Is your organization currently a member of MBCEA or other similar trade organization?

Yes/No? Which organization? _____

	Yes	No
Do you have an existing, documented Safety Program in place?		
Do you have a Safety Officer?		
Does your company provide an employee handbook to all employees?		
Do you have/use the MBI Quality and Craftsmanship training series?		

The MBI has created National Guideline Standards to provide policy and guidance to local Sponsors in developing their Standards for Apprenticeship for local approval and registration. These National Guideline Standards are certified by the U. S. Department of Labor, Office of Apprenticeship Training, Employer and Labor Services as substantially conforming to the requirements of Title 29, CFR Parts 29 and 30. The SAC's recognized by the Bureau to register local programs, and/or local laws and regulations, may impose additional requirements that must be addressed in the local apprenticeship standards.

I understand that the MBI can not and does not guarantee my acceptance by local SAC's. The MBI's role is to assist me in my role of Sponsor.

The cost for this program is \$1000.00. The MBI Quality and Craftsmanship DVD Training are integral to the classroom learning for the apprentice. If you do not already have them, the series can be purchased with this application, for an additional \$500 (discounted from \$1000).
